VOLUME CVIII.--NO. 65. ALEXANDRIA, VA., SATURDAY EVENING MARCH 16, 1907. PRICE 2 CENTS.

DO YOU KNOW

That Dr. Pierce's Favorite Prescription is the only medicine sold through druggists for woman's weaknesses and peculiar ailments that does not contain large quantities of alcohol? It is also the only medicine, especially prepared for the cure of the delicate diseases peculiar to women, the maker of which is not afraid to take his patients into his full confidence, by printing upon each bottle wrapper all the ingredients entering into the medicine. Ask your druggist if this is not true.

"Favorite Prescription," too, is the only medicine for women, all the ingredients of which have the unqualified endorsement of the leading medical writers of the several schools of practice, recommending them for the cure of the diseases for which the "Prescription" is advised. Write to Dr. R. V. Pierce, Buffalo, N. Y., for a free booklet, and read the numerous extracts from standard medical authorities praising several ingredients of which Dr. Pierce's medicines are made, and don't forget that no other medicines put up for sale through druggists for domestic use can show any such *professional* endorsement. This, of itself, is of far more weight and importance than any amount of so-called "testimonials" so conspicuously flaunted before the public, in favor of the alcoholic compounds.

The "Favorite Prescription" cures all woman's peculiar weaknesses and derangements, thus banishing the periodical headaches, backaches, bearing-down distress, tenderness and dragging-down sensations in lower abdomen, accompanied by weakening and disagreeable catarrhal, pelvic drains and kindred symptoms.

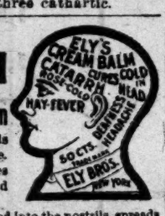
Dr. Pierce and his staff of skilled specialists may be consulted free by addressing as above. All correspondence is treated as sacredly confidential. By consulting in this way the disagreeable questionings and personal "examinations" are avoided.

The People's Common Sense Medical Adviser contains some very interesting and valuable chapters on the diseases peculiar to women. It contains over one thousand pages. It is sent post paid, on receipt of sufficient in one-cent stamps to pay cost of mailing only, or 21 cents for a copy in flexible paper covers, or 31 cents for a cloth-bound copy. Address Dr. R. V. Pierce as above.

Dr. Pierce's Pellets regulate and invigorate stomach, liver and bowels. One a laxative, two or three cathartic.

Nasal CATARRH

In all its stages.



Ely's Cream Balm

cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Druggists or by mail; Trial Size, 10 cents.

ELY BROTHERS, 56 Warren Street, New York

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It.

Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes, to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.
E. S. Leadbeater & Sons, Special Agents.

Catarrh

To prove unquestionably, and beyond any doubt, that Catarrh of the nose and throat can be cured, I am furnishing patients through druggists, small free Trial Boxes of Dr. Shoop's Catarrh Cure. I do this because I am so certain, that Dr. Shoop's Catarrh Cure will bring actual substantial help. Nothing certainly, is so convincing as a physical test of any article of real, genuine merit. But that article must possess true merit, else the test will condemn, rather than advance it. Dr. Shoop's Catarrh Cure is a snow white, healing antiseptic balm, put up in beautiful nickel capped glass jars at 50c. Such soothing agents as Oil Eucalyptus, Thymol, Menthol, etc., are incorporated into a velvety, cream like Petrolatum, imported by Dr. Shoop from Europe. If Catarrh of the nose and throat has extended to the stomach, then by all means also use internally, Dr. Shoop's Restorative. Stomach distress, a lack of general strength, bloating, belching, biliousness, bad taste, etc. surely call for Dr. Shoop's Restorative.

For uncomplicated catarrh only of the nose and throat nothing else, however, need be used but

Dr. Shoop's Catarrh Cure

Battle with Rats.

With their backs against the wall and their clubs flying like flails, Charles Wheeler and William Wesa fought for their lives with a thousand big gray granary rats in Waterbury, Conn., last Tuesday. The men had planned a slaughter of the rats, but when the animals were cornered they came precious near devouring the men. Wheeler and Wesa killed two hundred rats in the brief but deadly combat, which ended only when other men went to the rescue.

A horde of greedy rats infested H. R. Stone & Co's grain warehouse at Waterbury and devoured much grain. Wheeler and Wesa, clerks there, determined to exterminate the pests. For days they plugged various rat holes, then by sprinkling grain temptingly they finally lured the rats into a small room where bran is stored. While the big drove ran here and there the men plugged the rat holes in the little room and attacked the rats with clubs.

But the rats, cornered, did not wait to be clubbed. No sooner had Wheeler and Wesa slammed the door behind them than a great lean rat, squealing, jumped at Wheeler's face. Behind it came the entire drove. They writhed at the men's feet, swarmed up their legs, bit savagely at their shoes and sprang high in the air in an effort to get at their unprotected hands and faces.

The men wielded their clubs like mad and yelled for help, but the squealing animals only attacked them the more furiously. One worked his way inside Wesa's trouser leg and tore savagely at his ankle. Another sank his teeth into Wheeler's hand. The two might have been eaten alive had not other employees heard their shouts and thrown open the door. The rats scurried out of the building and the two executioners dropped exhausted.

...shine that drive the clouds away, DeWitt's Little Early Risers will scatter the gloom of sick headache and biliousness. They do not gripe or sicken. Recommended and sold here by W. F. Creighton & Co., 401 King street.

Suicide of Trusted Employee.

Charles Abbott, a boy twenty years old, and manager of the stock office of Wade & Hedges, in Washington, shot himself and died instantly in the downtown office of his employers, at 406 Fifth street northwest yesterday.

In his pocket two notes were found, in which it was made plain that unsuccessful speculation and illegitimate use of his employers' money were the motives for the deed. One was addressed to his employers and the other to his father.

As he was the manager of the downtown office and the handler of a great amount of money, he was required at certain periods to make an accounting to his employers. He was asked by a member of the firm to be prepared to go over the books on Thursday, but when the time came he could not be found. Yesterday the employers renewed their efforts to see him, and on going to the office about 7 o'clock they found him dead.

One of the firm admitted that they had suspected the boy, but that they had had no intention of prosecuting him. It is also said that if he had made known his shortage, the money would have been provided by his relatives and friends.

It is thought that his speculations have been going going on for some weeks, and that the recent decline in Wall street prices is mainly responsible for his losses.

The father of the suicide, Julius Abbott, is the owner of a cigar store at 432 Four-and-a-half street, Washington. The boy had been the pride of the household for many years.

The News—No Pure Drug Cough Cure Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure is—and has been for 20 years. The National Law now requires that if any poison enter into a cough mixture, it must be printed on the label or package.

For this reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other. Sold by E. S. Leadbeater & Sons, druggists.

Health in Canal Zone.

The high wages paid make it a mighty temptation to our young artisians to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained however by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison too, biliousness, weakness and all stomach, liver and kidney troubles. Guaranteed by E. S. Leadbeater & Sons, druggists 50c.

Many sufferers from nasal catarrh say they get splendid results by using an atomizer. For their benefit we prepare Ely's Liquid Cream Balm. Except that it is liquid it is in all respects like the healing, helpful, pain-allaying Cream Balm that the public has been familiar with for years. No cocaine nor other dangerous drug in it. The soothing spray relieves at once and cure is certain. All druggists, 75c, including spraying tube, or mailed by Ely Bros., 56 Warren Street, New York.

Shots Fired Into Bedroom.

Several shots were fired into the bedroom of J. D. Watson, son of Thomas E. Watson, former presidential candidate on the populist ticket, at their home at Thomas, Ga., early yesterday, and while it was later said that the investigation indicated a plot against Thomas E. Watson, or his family, no definite clew was obtained. Several shots were fired late Thursday night in the back yard of Oscar Lee, the former presidential candidate's son-in-law, but none of the shots was directed at the house. At 2 o'clock yesterday morning two loads of shot were fired through the younger Watson's room, but did not go near the bed. Watson immediately summoned Sheriff Hawes and the premises were searched, but without result. The affair caused considerable excitement.

SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

SATURDAY EVENING, MAR. 16, 1907.

MR. WILLIAM JENNINGS BRYAN is to be the presidential candidate of the democratic party in 1908, judging from the sentiment at the banquet tendered him last night by the democratic State committee at the Quincy House in Boston, and he will undoubtedly be indorsed by the Massachusetts democracy. In an hour speech Mr. Bryan made no reference to his proposed nomination, and as he neither accepted nor rejected the proposition, there is every reason to believe that he intends to accept it. In his speech Mr. Bryan declared that the democratic party has been vindicated, that the republican party has stolen its platform from the democrats, and stated that in case Mr. Roosevelt does not run again the success of the democratic candidate is assured. The decisive statements made at this gathering of 800 democrats from various parts of New England are considered in Boston to be the opening gun in the campaign of 1908. The Bryan boom was launched by George Fred Williams of Dedham, the Nebraskan's long-time friend. Mr. Bryan was given a great demonstration at the banquet. Taking up the story that he was the author of the democratic platform of 1896, Mr. Bryan declared that he wrote but little of that platform and deserved little of the credit for it, but that he had more to do with the platform of 1900. "I think," asserted Mr. Bryan, "that if we had had a vote unpurchased and unintimidated in 1896 I would have been elected by an overwhelming majority." He went on:

I shall not discuss the amount of fraud that was perpetrated in 1896, but we had against us the largest corporation fund that was ever used in a campaign. * * * Ten years ago they called our ideas insanity, yet on no question that we ever discussed have we been more vindicated than on our ides that more money would make higher prices and better times. The republican party has been in power for 10 years, with undisputed rule. If it has not done anything that ought to have been done, it is its own fault. What is the result? We find the republican party not so popular today. The party has gone on the toboggan slide, so that now it has just one man whom it regards as popular enough to be the candidate for President. Why is it that the President alone has escaped the paralysis that has fallen upon all the rest? There is only one explanation, and that is that his popularity is due to his following the democratic doctrine. The slump in stocks of which the men in high finance complained was caused by the very men who are now complaining. * * * If I may venture a prediction, I would say that in the fight that's coming the democratic party will be looked upon as the protector of the small investor against the manipulation of the sharks that have obtained power in Wall street.

AS STATED yesterday President Roosevelt has issued orders for the exclusion of Japanese laborers from the United States and the dismissal of the suits against the San Francisco School Board. In deference to the wishes of the President, the California legislature has postponed its anti-Japanese bills for the present session. But they are only postponed. By diplomatic maneuvering the administration has involved the relations with Japan in an entanglement that might have been easily avoided On this subject the Philadelphia Record says: "All that was necessary was to politely but firmly notify Japan that the federal government has no power to interfere with the school laws or property laws of California or any other State. Such a course would have been far more likely to permanently establish good relations between the two countries than diplomatic promises that must depend for fulfillment upon the consent of California, whose people are relentless in their hostility to everything that tends to promote Japanese immigration and settlement among them." When in Washington Mayor Schmitz and his associates, in their complacency toward the President, talked of compromises which the citizens of California seem to have no notion of ratifying.

IN NEW YORK yesterday the U. S. Steel Corporation adopted the report for the year ended December 31 last. Net profits $156,624,278, an increase of $36,886,615; balance available for dividends, $98,128,587, an increase of $29,543,095; surplus after deduction for new construction, etc., $12,742,860. This report showing such tremendous earnings had the effect of steadying the stock market, but with all these millions the steel trust oppose even a suggestion of a tariff revision.

THE stock panic seems to be over and prices are again advancing, though some people think they will not soon reach the point at which they stood before the drop. Various causes are assigned one of which is that the railroad tried to scare the President into "letting up" on the railroads. The panic will be remembered as "a rich mans panic" as but few men of moderate holdings were hurt.

The police at Nantes, France, today fired on riotous strikers during a street fight, killing two persons.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, March 16.

President Roosevelt is preparing a statement bearing on the financial situation, which may be given out later in the day. He went over a draft of the statement this morning with James Speyer, of the firm of Speyer & Co., New York bankers. Mr. Speyer is said to have approved the statement and urged its publication.

It was stated officially at the White House this afternoon that the President would not give out any statement on the financial situation. In the President's opinion, the financial condition is not so alarming as to require any public utterance from him at this time.

The announcement that Secretary of War Taft is to spend Sunday, Monday and Tuesday in New York has aroused the interest of financial circles. The interest of financiers in the fact that the Secretary will spend the most of three days in New York city arises from the fact that to him is attributed the original suggestion of J. Pierpoint Morgan's visit to the President for the purpose of arranging the interview of the four big railroad presidents with the chief executive.

It was announced at the Treasury Department today that many applications had been received for the redemption of the four per cent. coupon and registered bonds of the funded loan of 1907, under the Secretary's recent authorization.

President Mellen, of the New York, New Haven and Hartford Railroad, has made an appointment to call on the President at the White House next Tuesday. The President received a telegram from Mellen today requesting the interview, and a favorable response was sent immediately. Mellen is one of the four road presidents for whom J. Pierpont Morgan besought an audience, when he was at the White House last Monday.

The Navy Department has selected th cruisers Denver, Cleveland and St. Louis to represent the United States Navy at the Maritime Exposition to be held at Bordeau, France, early in June.

President Roosevelt today formally announced the appointment of Major Sibert, Maj. Gaillard and Civil Engineer Rousseau as members of the Isthmian Canal Commission together with a statement that their salaries shall be $14,000 a year each, including their pay as officers of the army and navy.

Lieut. J. E. Mulhall was today made captain in the police department to fill the vacancy caused by the death of Capt. McCathran. Sergeant J. T. Hollinberger was made lieutenant and Detective Carl E. E. Flathers was made sergeant.

The diphtheria quarantine has been raised at the White House, and today officials of the City Health Department burned sulphur and other germ-killing chemicals. Archie Roosevelt, who was pronounced out of danger several days ago, will probably be taken to the mountains or given a sea voyage as soon as he is able to travel.

Walter Heiston, real estate broker, today filed a voluntary petition in bankruptcy. His liabilities are placed at $623,000 and assets at $35,900.

James K. Keenan, proprietor of Young's Hotel in Atlantic City, died there last night. He was formerly manager of the Hotel Gordon in this city.

COURT OF APPEALS.

Yesterday's proceedings were as follows:

Wickham and Northrop, receivers, vs. Richmond S. S. and I. Company, further argued and submitted.

Merritt vs. Bunting: argued and submitted.

Citizens' Railway, Light and Power Company vs. Taylor, &c., dismissed agreed.

Features of the Thaw Trial.

Abraham Hummel yesterday told his story of how Evelyn Nesbit Thaw signed the famous affidavit and told him of Thaw's alleged cruelty when she would not accuse Stanford White.

The young wife went on the stand to say she had called upon Hummel in his professional capacity, but this was not allowed as a bar to his testimony.

Hummel was forced by Attorney Delmas to admit the indictments against him and his disbarment years ago.

That Thaw was aware of the nature of his act when he shot White was testified to by Drs. William Hirsch, William B. Pritchard, Albert Warren Ferris, A. R. Diefendorf and William Mabon.

The introduction of the affidavit was hotly fought by the defense, and District Attorney Jerome stated that he would rest his case with it. Delmas, however, indicated that he would call more experts in surrebuttal.

Railroads and the Market.

While hundreds of brokers were cheering at the close of the trading on the New York Exchange yesterday evening over the end of the panic, the four railroad presidents whom Mr. Morgan had asked President Roosevelt to meet were in conference in New York.

They finally decided not to go to Washington, for the reason that all the rialroad managers in the country are not in perfect accord and they could not secure a concensus of opinion on what to suggest to the President.

The President will not invite Messrs. McCrea, Hughitt, Newman and Mellen to the White House, but if they ask for an appointment he will be glad to receive them.

The result of the rally in the market shows that the 20 leading railroad stocks which so sharply declined Wednesday and Thursday made a net gain of $6.80 a share, almost half the total loss of the two preceding days.

Thomas F. Ryan helped to save the situation. He is said to have bought $4,000,000 worth of securities when at the lowest level.

The endurance displayed by the New York brokerage houses during the panic is said to have been unprecedented.

E. H. Harriman denied rumors that control of Union Pacific had passed from him during the violent slump.

Another Strike Threatened.

Chicago, March 16.—Thirty thousand of the eight-five thousand railway trainmen employed on the fory-nine railway systems west of Chicago are declared to have decided in favor of a strike unless their demands for an increase in wages and decrease in hours are granted unconditionally by the railway managers in Chicago next week. Complete returns of the balloting will be in early next week. The chairmen of the grievance committees will assemble in Chicago to submit the results to the railway managers.

News of the Day.

The traffic managers of western lines met in Chicago yesterday and considered the safety question of lengthening the time of express trains, so as to decrease the number of accidents.

John W. Albaugh, jr., the well-known actor and theatrical manager, was made the defendant in divorce proceedings instituted yesterday in Baltimore by Marie Castner Albaugh, who charges him with deserting her.

An appeal to all southerners to stand by the railroads for the sake of the development of the South was made last night by W. W. Finley, president of the Southern Railway, at a banquet given him by business men in New Orleans.

A rumor has been circulated to the effect that men employed at the government printing office may declare a strike because of the alleged supplanting of skilled workmen with apprentices, but Mr. Stillings, the superintendent, says he fears no trouble.

The Nicaraguan government yesterday issued a decree recognizing the provisional government of Honduras and declaring its members to be allies of Nicaragua. The last battle fought between the Nicaraguans and Hondurans was so decisively in favor of the former that it is believed it will result in bringing the war to an end. Gen. Melecie Merino and other Honduran officers were killed.

March 14th., was the banner day in the digging of the Panama canal since the United States Government assumed responsibility for that enterprise. Chief Engineer Stevens reported by cable to the Secretary of War under yesterday date as follows: "Broke all records yesterday, 35,000 yards, Culebra Cut." The removal of 35,000 yards of dirt and stone from the Culebra Cut in one day is considered a most remarkable feat.

Fifteen thousand flowers of various kinds, the finest in the land, many of them being prize winners, were distributed among the different hospitals of Washington today as a gift from the floral show that closed last night. With the presentation of silver cups given by members of the American Rose Society, the exhibition was brought to a close last evening by Robert Simpson, president of the association.

Flint Williams and Henry Gardner, young negroes, were taken from the Monroe, La., jail about 1 o'clock yesterday morning and hanged in the courthouse square by a party of about 50 men, as was stated in yesterday's Gazette. Both negroes confessed to having, with a third negro, shot and robbed two Italians on Monday night. Gardner also confessed to having entered the room of Miss Jessie Bumpus about 3 o'clock Thursday morning.

Capt. A. L. Pritchard, a well known Southern Railway conductor, of Spencer, N. C., was arrested yesterday on the charge of robbing freight cars in and around Spencer. The alleged operations of the conductor were learned through the confession of Brakeman S. P. Val, who was arrested on a similar charge. Other members of the same crew were implicated in the confession, and more arrests are expected. Norman Benson and J. T. Banks, two well known railroad men, of Spencer, were arrested at Greensboro Thursday night on the chage of car robbery.

Individuality in Religion.

"Individuality" was the theme of a sermon delivered by Dr. Abram Simon, rabbi of the Eighth street Temple, in Washington, at last night's services. Dr. Simon discussed the symbolism of the sheep and lamb so often met with in the Bible, and particularly in the New Testament. The speaker said he did not entirely indorse the views of some Bible teachers who preach that man should always follow the lead of some one else, like the sheep, and adopt ideas of others instead of evolving ideas of their wn.

"Is this world a penitentiary, in which we must follow in the footsteps of those who precede us," he asked; "or is it a school where individuality of thought and action is cultivated? We seem to think it is the height of religion to stand and fall together upon one certain principle of dogma. This would be a monotonous world indeed if every one of us subscribed to the same ideals and entertained the same views on certain subjects.

"Let us cultivate the brotherhood of man, but don't let us cultivate the brotherhood of sheep. I do not believe in the doctrine that the whole world should follow one religion. If this should ever come about, it would forever wipe off the slate every republican principle and democratic institution; it would blot forever from the pages of history of freedom and liberty the names of Washington, Jefferson and Lincoln. I see this thought of monotony and uniformity of thought in the Jewish synagogue. I see it in labor organizations, and in mercantile and financial institutions. I see that we are subject to that bugbear of public opinion to a most dangerous degree. If a man dares to disagree with public opinion, he is put down as a crank."

New York Stock Market.

New York, March 16 —Effervesent Wall street shook off the last remnants of the pall of gloom that settled over it following the bear raids of the early part of the week, when the market opened today, and the bull element regarded its mastery, with the result that substantial gains were made by nearly every security on the list. Buying orders came in from every quarter during the two hours of trading today and many of the large interest that were forced to abandon gilt-edged securities to raise money hurriedly bought back a goodly portion of the abandoned holdings at a fair advance.

It is impossible to confirm the report that E. H. Harriman was so badly squeezed during the past week that he has had to sacrifice the control of the big Pacifics. Friends of Harrimam deny it.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Virginia News.

Mrs. W. W. Ives and her two little sons, Lee and Melvin, are very ill at their home, in Hampton, from ptomaine poisoning. The family is known to have eaten canned salmon and canned peaches in the last day or two and the doctors suppose that the contents of one of the cans caused the poisoning.

Senator Tillman, of South Carolina, who delivered a lecture at the Young Men's Christian Association in Richmond last night on the question of trusts and monopolies, in an interview last night said: "I believe Roosevelt's third term will cut as much figure as any other question whatsoever in the next presidential campaign. All signs now point that way. Roosevelt's recent policy apparently has been to adopt democratic methods. This has been evident in his attacks and investigations over all parts of the country. He, however, has invariably fallen down just at the moment when the people expected results. His policy has been one of fuss and feathers—full of sound and fury, signifying nothing."

UNIVERSITY OF VIRGINIA.

The board of visitors of the University of Virginia held a called meeting yesterday evening at the university.

A matter of widespread interest was the resignation of Prof. Francis H. Smith, of the chair of natural philosophy, which he had occupied since the resignation of William Barton Rogers, 57 years ago. The board passed resolutions recognizing the value of his services as a teacher and the high character of his personal influence upon thousands of young men throughout the nation who have come into contract with him. He was requested to continue as professor emeritus.

Dr. Stephen H. Watts, of Johns Hopkins University, was elected professor of general surgery and director of the University Hospital.

Dr. Thomas L. Watson, of the Virginia Polytechnic Institute, was chosen professor of economic geology.

Dr. Robert Montgomery Bird, of the University of Missouri, was elected collegiate professor of chemistry, and Dr. Arthur E. Austin, of Boston, adjunct professor of physiological chemistry for the remainder of the present session.

The board accepted the gift of $1,000 from Richard B. Tunstall, of Norfolk.

The board also accepted, with gratitude the gift of $20,000 from Mrs. Thos. Nelson Page, of Washington, which is to be styled the "Barbour-Page lecture fund." Several resolutions of thanks for other recent gifts were adopted.

The thanks of the board was conveyed to Andrew Carnegie for his generous gift of the organ recently installed in the auditorium of Cabell Hall, and also to the general education board of New York city for its donation of $2,500 to the summer school of the university.

The further sum of $1,000 was appropriated for the purpose of making a proper exhibit at the Jamestown Exposition. This brings the total amount for this purpose up to $2,500.

The annual appropriation heretofore made by the board to the university summer school was increased to $1,500.

The New Union Station.

The Baltimore and Ohio Railroad will begin using Washington's new union station in Washington on May 1.

The depot of the Baltimore and Ohio now in use, and which has acted as the terminal for the company in Washington for many years, lies in a hollow only a block to the southwest of the new station. A fill is to be made where the depot is at present.

Six tracks will be utilized by the Baltimore and Ohio when it begins running the first trains into the union station. These tracks will be put down at once and every preparation made to receive the trains as scheduled.

The east wing, in which are to be located the President's room and the state reception quarters, is to be put in readiness for the accomodation of the public beginning the first of May. A temporary waiting-room will be arranged, as will baggage apartments. Quarters for the express companies and other necessary rooms will also be fixed for receiving the people.

As far as is known, the opening of the new union depot on May 1 will not be accompanied by any ceremonies. It is estimated that the entire structure will be ready for occupancy next December, when it will be turned over to the railroads and the public in general with appropriate ceremonies, attended by the best-known men in public life.

The Flood Situation.

The Weather Bureau last night issued the following bulletin:

After having reached the unprecedented stage of 36.2 feet early Friday morning the Onio river at Pittsburg is falling rapidly.

A crest stage of 50 feet is predicted at Wheeling by midnight Friday. At Parkersburg a stage between 51 and 52 feet is expected by Sunday noon.

At Cincinnati a stage of 64 feet or more is forcasted for Saturday evening, the flood stage at that point being 50 feet.

The river passed the flood stage at Louisville Friday morning and will rise to a point about 10 feet above the flood stage by Sunday.

Flood stage will occur at Paducah and Cairo during the next few days

The total damage done by the flood in the Pittsburg district alone is estimated at $10,000,000.

Today's Telegraphic News

Results of the Floods.

Pittsburg, Pa., March 16.—Greater Pittsburg and Allegheny county are slowly shaking off the watery incubus of the flood. With the disappearance of the last stray floes of the upper Allegheny river ice gorge, which brought the official maximum stage of 36.2 feet, the three streams began to empty rapidly and the flood peril continued its progress of death and destruction down the Ohio. The death total may never be known. Beyond the vague term of millions, the property destruction can hardly be accurately computed. Thousands are homeless; hundreds, especially in McKeesport, are hungry.

Fuel and food is being furnished to North Side families evicted by the yellow swhirl of the water.

Cincinnati, March 16 —The great floods which is now surging down the Ohio river, in addition to causing untold damage, has exacted a heavy toll of human life in the Ohio valley.

The known death list to date numbers 43. Many of the deaths occurred in the smaller towns where the waters rushed in with little warning.

Last night at Chillicothe John Long, of Oldney, Ills., and Thomas Wheeler, Chillico the, Baltimore and Ohio Southwestern trainmen, were drowned while attempting to save railroad property.

A work train on which they were engaged slid into the Scioto river. Twelve others had narrow escapes. At Mingo Junction several houses floated away and officials report that in two of them were six persons, all of whom were drowned.

Athens, Ohio, which has been cut off from communication with the outside world for two days, reports seven deaths from drowning. All were in one skiff, escaping from flooded homes, when it capsized. Three lives were lost at Nelsonville and one at Trimble.

At Marietta two lives were lost. A Cincinnati, Hamilton & Dayton train ran into a washout at Sabina, and Engineer Clark Griffith, of Sabina, was crushed to death.

Four deaths have been reported at Zanesville and two at Circleville, Ohio. Eleven lives were lost at Wheeling and four at Parkersburg. The Ohio river has risen one foot at Cincinnati since 1 o'clock this morning and at 8 o'clock stood at 57.7 and rising.

It is expected that the sixty-foot mark will be reached today. The waters have inundated hundreds of homes. The flood situation at Newport, Ky., is again alarming. Two hundred houses are submerged.

Gloster, Ohio, is out of the world. The food supply is exhausted.

Fires and Loss of Life.

Wheeling, W. Va., March 16.—Fire and a terrific gas explosion in the plant of W. A. Warrick Pottery Company added to the horrors of the flood here today.

Following the explosion the plant caught fire and was practically destroyed. The flames quickly spread to a number of tenement houses in the vicinity. Tenants who had been driven to the upper stories by the flood were trapped, the flames attacking the roofs of the houses and eating down while eight feet of water about the lower stories prevented escape.

The occupants rushed to the windows praying and begging for help. All the skiffs available were rushed to the scene and most of the occupants of the tenements were rescued.

Seven persons, however, terror stricken at the approach of the flames, leaped into the water and were drowned.

It is believed that a number of others were also swept away by the waters, and while only seven lives are known to have been lost, it seems probable that the total death list will be from 12 to 15.

Broken and leaking gas mains fed the flames and added to the herrors of the scene. Owing to the depth of the water, the fire department was powerless to render aid, and bucket brigades were the only methods of fighting the flames.

At Bridgeport, Ohio, fire also intensified the flood disaster, the entire plant of the Scott Lumber Company and several near-by buildings being burned with a total loss of $150,000.

Coney Island, a pleasure resort up the river, from Wheeling, was devastated today, and at Warrenton the school house and several residences were washed away.

An explosion of gas in a residence at Wellsburg resulted in the death of one girl and the destruction of the house.

Mysterious Explosion.

New York, March 16.—Following a mysterious explosion which tore away the front part of the buildings, Helion Hall, Upton Sinclair's socialistic colony at Englewood, N. J,, was totally destroyed by fire early today and 55 persons, who composed the settlement, had narrow escape with their lives. A number were forced to leap from second story windows and quite a number received painful sprains and bruises, while a number of the women suffered from exposure incidental to rushing from the building in scant attire. A number of children in the house became terror stricken during the fire, but all were rescued safely though several were dropped from the top floors and caught in blankets in the hands of those below. Considerable mystery attaches to the destruction of Helicon Hall. Is known that Sinclair aroused great enmity in certain quarters by his publication of "The Jungle," the expose of packing house methods which resulted in the government investigation.

The Thaw Trial.

New York, March 16.—Today's recess came as a godsend to Harry Thaw's hard pressed lawyers following the terrific blows dealt the defense in the last few days of the trial of the young millionaire for killing Stanford White. It gave them time to arrange a new line of battle and prepare to offset the damaging testimony of Abe Hummel and Jas. Clinch Smith, White's brother-in-law.

It is expected that the defense on Monday will make no further objection to the admission of the Hummell affidavit, at least to such parts of it as appear relevant. It is also thought that the case will be given to the jury some time next week.

Cambridge Defeats Oxford.

London, March 16 —Cambridge defeated Oxford in the annual boat race between the two universities rowed on the Thames this afternoon. Cambridge lead almost from the start and crossed the line rowing easily four lengths ahead. The official time for the race was twenty minutes twenty-six seconds, nearly two minutes slower then the record. Cambridge has been touted as a winner before the race, the crew this year being unusally strong, so the victory was not surprising. Interest in the race centered chiefly in the hope that Cambridge would be able to break the record for the course.

Million-Dollar Fire in London.

London, March 16.—London was visited today by the most disastrous fire in recent years resulting in a loss of fully $1,000,000. The blaze started in a lumber yard on the City Road and spread rapidly through out the adjoining manufacturing district. A dozen buildings were destroyed before the flames were subdued. Over 350 firemen were employed in fighting the blaze.

Mining Disaster in Germany.

Berlin, March 16.—Two mining disasters, which it is feared will entail a loss of nearly 100 lives, are reported today. An explosion of air damp in a mine at Kleincroseln, in Lorroine, caused the death of sixty-five miners and the injury of twelve others. It is feared several of the injured will die. The elevator in a mine at St. John dropped 1,000 feet, killing the 22 occupants of the cage.

Four-story Building Burning.

Pittsburg, Pa., March 16.—Fire broke out today in the four-story-brick Ruben building in McKeesport. The Ruben building is one of the finest in the city. If it goes, there is little hope for the business section. At 11 a. m. the fire was still burning fiercely. The Pittsburg fire department has been telephoned for assistance.

Ran into an Open Switch.

Bancroft, Mich , March 16.—The Atlantic Limited Express on the Frank Trunk, eastbound, ran into an open switch and crashed into a freight train here today. A dozen people were hurt, two fatally. The train was going sixty miles an hour when it hit the switch.

Havana bankers are withdrawing loans and are making preparation to face a panic which they fear will certainly follow the closing of the sugar season. It is estimated that five million dollars was lost in Havana this week as the result of the panic in the New York stock market.

The State Library Board yesterday concluded its examination into charges against Librarian Kennedy and adjourned until April 8th, without action.

A big St. Patrick's Day parade was held in New York today.

Alleged Chicken Thieves

On Tuesday night last thieves invaded the premises of Massey Gaskins, colored, in the northeastern section of the city and stole several chickens. The police had reason to believe that Charles Jackson and Elijah Taylor, two indolent negroes, were guilty of the theft and in the absence of positive testimony against the suspects, Officers Beach, Bell, Jones, Lyles, and Garvey arrested the darkeys under the vagant act. Later Jackson confessed to Officer Beach that he and Taylor had stolen the chickens and had returned the following night to procure the fowls that had been left on their first visit. The negroes were brought before Justice Caton in the Police Court this morning when Jackson repeated his confession. Justice Caton asked him what he and his companion proposed to do with the chickens, and he replied that they intended to sell them. Taylor denied that he accompanied Jackson in his incursions. They were sent to jail for 90 days. Taylor had but recently been released from that institution.

River Notes.

The current which was weeping down the channel of the Potomac yesterday had subsided this morning, and the river was in its normal condition.

The schooner Estelle Phinney, from Boothbay, Me., has arrived to the Mutual Ice Company. She is said to be loaded with a superior grade of ice which will be disposed of in this city during the coming season. The schooner is berthed in the dock recently dredged by the Mutual Company. The dredging machine is now engaged in digging east of the new pier for a distance of about 200 feet.

The barge Daniel, from Sandy Point, with lumber to Smoot & Co., arrived yesterday. The Daniel left today for the lower river where she will load railroad ties for this port.

The barge Lily of the West is being loaded with lumber by Smoot & Co. for Fort Washington.

The barge Magnolia, from Baltimore, with acid phosphate to the Bryant Fertilizer Company, has arrived.

Converts Received by Father O'Callaghan.

Among the prominent converts received last month into the Catholic Church, the most notable in this country was the some time reverend, now Mr. Frederick E. J. Lloyd, and with him his wife and nine sons and daughters. The fact that this family was received into the church by Rev. Peter J. O'Callaghan, in the Paulists, makes it of interest to Alexandrians, among whom Father O'Callaghan has many friends. Mr. Lloyd is a graduate of Oxford and since his advent in this country has been engaged in parochial work, but his principal occupation was in giving missions in Episcopal churches. He is a preacher of culture and distinction. Since becoming a Catholic Mr. Lloyd has been engaged, with the approbation of the Archbishop of Chicago and of Dubuque, in lecturing in Catholic churches. John J. Keane, formerly Bishop of Virginia, afterwards first rector of the Catholic University, is the Archbishop of Dubuque.

The Steamer Jane Moseley.

The side-wheel steamer Jane Moseley lies on the mud of the Eastern Branch, on the north side of the channel, near Buzzards Point, with the water covering her decks on one side. The steamer sprang a leak Wednesday last, and it was such a large leak that the pump on the vessel could not keep her afloat The steamer has fallen on her side where she was beached by the Firefighter, and lies with her guards under water. It is said there is danger of the steamer slipping off the bank into the channel and going down to a depth of 22 feet. The Moseley was to have been used for excursion work on the river during the coming summer. She is a wooden-hull vessel and was built at Brooklyn, N. Y., in 1873, and was brought to Washington to run on the Norfolk line in 1875. In place of the steamer Lady of the Lake, which was burned at Norfolk the early part of that year. During recent years she has been used by colored excursionist.

State Board of Examiners.

The public meeting held at the Baptist Church last night closed the week of meetings in this city in aid of the educational cause.

The State Board of Examiners who opened their session on Monday morning did much work during the week for the governance of the public schools.

The examiners at their final session, adopted the following resolutions:

First, That we express to the school authorities and teachers and people of Alexandria our highest appreciation of the many courtesies extended to us during our meeting in this city.

Second, That we have enjoyed to the fullest extent the joint session of the teachers' institute of Fairfax, Alexandria city and Alexandria county, and feel grateful for the invitation to be present at this meeting.

Third, That we express our appreciation to the Alexandria Gazette for the published notes on our meeting and to the editor of that paper for the courtesies extended to this board.

The Teachers' Institute held yesterday at Odd Fellows Hall was a most enjoyable feature of the week and was largely attended. The interesting programme was published in the Gazette of that day. At the close of the institute the following offered by Mr. J. E. Clements, superintendent of schools of the county, was unanimously adopted:

Resolved That the officers and teachers of this institute tender to the State board of examiners, Messrs. Charles G. Maphis, Harris Hart, Joseph H. Saunders, E. H. Russell, and J. S. Thomas our appreciation of the excellent work and good advice given at this institute.

The session of the institute was followed last night by an educational meeting held at the Baptist Church to which the public was invited. The attendance was quite large and much interest was shown. Superintendent Kemper called the meeting to order and stated that it had been called at the request of the State Board of Examiners. He then introduced Mr. C. G. Maphis who he said would preside. Mr. Maphis expressed his pleasure and that of the board at being able to hold their meetings in Alexandria and also atbeing present at this meeting.

Dr. C. E. Outcalt then rendered a solo and was followed by Rev. Dr. W. F. Fisher who read a passage from the scriptures and offered a prayer invoking a blessing upon all present and the cause they represented.

His was followed by a solo by Mrs. Woolls.

Mr. Maphis then read a telegram from State Superintendent Eggleston stating that he was delayed at home by illness and would not be able to attend the meeting.

Dr. Fisher then spoke on the relation of the home to the school. He expressed his pleasure at having the meeting held in his church, and assured the board that he would gladly have them hold the next meeting there. He then paid a beautiful tribute to the home and of the influence for good it exerted and said the good in all communities emanated from the home.

A duet was then rendered by Mrs. Woolls and Miss Harding were followed by Mr. Maphis He in a short address told of the scheme of education as mapped out for Virginia by Thomas Jefferson begining with the primary schools and running through the various grades up to the University. He told how the legislature had appropriated money to aid the high schools and said that during the past year 149 such schools had been established.

Dr. Bruce R. Payne, of the University, was the last speaker and urged the establishment in Alexandria of a high school. He complimented the work of the teachers here and said the principals of the two white schools were doing more work than was being done by any teachers he knew. He asked that the families of the pupils assist the teachers and that the community aid and cooperate in the advancement of the schools.

Mr. Maphis then thanked the audience for their attendance and after a solo by Mr. Maddox the meeting was dismissed with a blessing by Rev. Dr. Fisher.

The music was in charge of Mr. Sherman B. Fowler, who presided at the organ.

The Lid to be Kept On.

Judge Barley was in the county on last Wednesday and in the course of an interview he stated as he was only on the bench of this circuit temporarily, that he intended to let it be known that there would be no change in the general situation as to saloons unless there were special reasons to the contrary. In other words, that he would not grant licenses in places where there were none at present. From all indications the tough element is not worrying about licenses. Since the resignation of Judge Nicol was handed in the lid has been taken off considerably. There is no trouble in getting all the liquor one wants in Rosslyn now. Nobody seems to interfere with them. They have even opened a "dope" shop in one of the old saloons. You can get cocaine, opium or any other old dope desired.—[County Monitor.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Ferdinand Patton, arrested by Chief Goods for being drunk on the streets, was sent to jail for 10 days.

Henry Mason, colored, arrested by Officer Gill charged with disorderly conduct and fighting was dismissed.

William Porter, colored, arrested by Officers Nicholson and Talbot charged with disorderly conduct and fighting, was fined $5.

Charles Jackson and Elijah Jackson, both colored, arrested by Officers Bell, Jones, Lyles, Beach and Garvey charged with vacancy and with stealing chickens, were sent to the chain gang for 90 days.

Another Murder Charge.

The authorities of this city have received newspaper clippings from Phœnixville, Pa., containing accounts of the murder of a man in a bakery in that place and the stealing of $8. The murder was committed some time ago, and William Johnson, alias Midgets, and the negro Robinson, who left this city at the time Charles T. Smith was shot and killed on upper King street, are suspected of the crime. It is also understood that a warrant charging Johnson with the crime, or with being a party thereto, has been received in Alexandria. It will be remembered that when Officers Ferguson and Roberts took charge of Johnson in Harrisburg he told them that Robinson had killed a man in Phœnixville, and that he (Johnson) had entered the house with him. The wives of Johnson and Robinson are still in jail in this city, and it is said that the wife of the former has sent a letter to her husband, now in the Fredericksburg jail, in which she suggested to Johnson that should he be sentenced to be hanged, Robinson should share the same fate. Both the Johnson and Robinson women, it is alleged, declare that they will aid the authorities in ferreting out the fugitive.

Christ Church Sunday School.

Mr. W. H. H. Smith, of Washington, will give an illustrated talk on the life of Christ and the scenes connected with his life in the Holy Land, in the Parish Hall of Christ Church on Monday evening, March 18th at 7:30 o'clock. Mr. Smith gave a talk similar to this last year which was much enjoyed by those who heard him. He is an entertaining speaker and his pictures are excellent. This is the second of the series of talks to the children in connection with the forward movement. A small admittance fee will be charged merely to pay for the stereopticon. This is not only of particular interest to the children but to grown folks as well, and it is hoped he will be greeted by a large and responsive audience.

Negroes in a Fight.

A disturbance occurred in the vicinity of Gibbon and Pitt streets yesterday afternoon between Henry Mason and William Porter, both colored, during which the former was knocked down by the latter. Considerable excitement followed and many people were attracted to the scene of the disturbance. Officer Gill, who was in the vicinity, started after the belligerents, and he overtook Mason and placed him under arrest. Later Officers Nicholson and Talbot took Porter in custody. The two men were brought before the Police Court this morning, when the testimony showed that Porter was the aggressor, and he was fined $5. Mason was dismissed.

Contract Awarded.

Mr. Francis A. Gugert, architect, of Wayne, Pa., has awarded the contract to Mr Julian D. Knight, of Alexandria, for a modern two story and brick station to be built at Mt. Vernon for the Washington, Alexandria and Mt. Vernon Railway Company. The building will contain waiting rooms, toilet rooms, freight room, dining room, kitchen and pantry on the first floor and dwelling portion on the second floor and will contain all modern and up-to-date conveniences and will cost complete about $12,000. Work will start at once and will be pushed to completion as rapidly as possible.

Musical.

The musical the directors of the Free Kindergarten, assisted by Mrs. Carter, are to give Tuesday night bids fair to be a great success. The programme will consist of the following soloists: Mrs. Hulfish, Mrs. Fowler, Mrs. Woolls, Mr. Wirt and Mr. Odgen. Miss Armstrong will be the pianist and Miss Pollard the reader. The Alexandria Mandolin Club will also assist in the entertainment. The musical will be given at Lee Camp Hall at 8 o'clock, and as the kindergarten is sorely in need of funds, it is hoped it will be well patronized. The admission will be twenty-five cents.

Presbyterian Brotherhood.

As was stated at the time, it is the purpose of the Presbyterian Brotherhood to invite at different times certain officials and representative gentlemen to deliver addresses on timely subjects in this city. The evidences of appreciation of Mr. John Barrett's lecture last Monday night has encouraged the organization in its work. The next meeting of the brotherhood will be on Sunday afternoon, March 24 at 4 o'clock, and the speaker will be Mr. Percy Foster. He will be followed by Mr. Charles F. Nesbit on Monday night, April 8th.

Peck's Store.

Mr. Wm. H. Peck's store, at the southeast corner of Queen and Payne streets, has long since become an institution in Alexandria, especially in the northwestern section. Apart from a large and varied stock of groceries and miscellaneous articles, which are always carried, wood, coal and coke are also supplied consumers living in any part of the city.

The Market.

There was a very light supply of county produce in market this morning, but few county people being able to attend by reason of the bad condition of the roads. Prices for most articles had undergone but slight changes. Butter sold at 35 cents a pound, and eggs brought 20 cents per dozen.

"The Crucifixion."

The choir of St. Paul's church will sing Stainer's cantata, "The Crucifixion," on Tuesday of Holy Week. The music will be under the direction of Mr. Sherman B. Fowler, the organist, and the solo parts will be sung by Messrs. J. Harris Franklin and Kenneth Ogden.

U. D. C.

Seminary Notes.

Dr. Micon left for Pittsburg this evening where he expects to preach in St. Peter's Church tomorrow of which Rev. E. H. Ward D. D., is the rector. Dr. Micon will remain in Pittsburgh until Tuesday evening next as he has been invited to read a theological esay before the regular meeting of the Episcopal Clerical Association of that city.

Dr. Crawford left today for Brooklyn, N. Y. where he will preach in Christ Church tomorrow the Rev. W. De Forest Johnston rector, Mr. Crawford accompanies him. Both the Rev. D. Ward and Rev. W. De F. Johnson are alumni of the Seminary.

Colonel Ficklin Withdraws.

The Gazette is authorized to state for the information of the supporters of Col. T. H. Ficklin, in the Eighth congressional district that, for reasons entirely satisfactory to himself, he has decided to withdraw from the field. Further, he acknowledges with extreme gratitude the work already done by his supporters throughout the district, particularly the determined stand taken in his behalf by the majority of the voters (the "silent vote") of this city, and withdraws in the interest of his worthy townsman, Mr. C. C. Carlin.

Ordinances Signed.

The ordinance providing for the leasing of certain land belonging to the city near the outlet lock of the old Alexandria canal, for manufacturing purposes, passed by the Board of Alderman and Common Council last Tuesday night, was signed by Mayor Pau today. He also signed the ordinance granting to the electric railway company a franchise by which the tracks of that road can be extended west on Cameron street from Payne. Both are now laws.

Basketball.

The Alexandria Athletic Association basketball team will play the Peck's Chapel team, of Georgetown, tonight at their hall on King street, and the Alexandria Athletic Association reserves will play the Warwicks, of the navy yard. The games will be called at 8:30 o'clock.

The Yankees of the Y. M. C. A., of Washington, defeated the Alexandria Athletic Association in Washington last night by the score of 48 to 4. This is Alexandria's second defeat at the hands of the Yankees.

LOCAL BREVITIES.

Tomorrow will be St. Patrick's Day.

The Hibernians in honor of St. Patrick's Day will hold a smoker at the Lyceum Hall

The Mrs. F. J. Kramer Floral Co. is displaying the new rose, Queen Beatrice, at their store, No. 114 north Fayette street, and it is attracting much attention.

It is said that a leak in the underground wire at the corner of Prince and St. Asaph streets has charged the ground there with electricity and that men and horses receive shocks as they pass along the street.

At the meeting of the Ancient Order of Hibernians, held last night, Mr. W. H. P. Kelly was elected president of that organization. Afterward the recently elected officers were installed by the retiring president, Mr. John A. Nugent.

The remains of Frederick H. Dilger, who committed suicide in Washington Thursday, will be brought here tomorrow afternoon and buried in Union cemetery. He was a member of the Kingston, N. Y., lodge of Elks and the Elks of this city will have charge of the funeral.

Henry C. Shuster, member of the firm of W. M. Shuster & Bro., of Washington, died Thursday afternoon of an attack of the grip, aged seventy years.

There was an interesting contest among patrons of the skating rink last night. The first prize, a watch, was awarded to Clyde Chilcott, and the second, a ring, to John Sweeney.

Mr. R. D. Garland, field secretary of the Baptist State Mission Board, will preach at both services at the Baptist Church tomorrow.

The weather has been ideal today. A gentle southerly breeze has prevailed with a clear sky. The mercury at noon stood at 58°.

A Penny Saved

"Is a Penny Gained"

This is a well known saying, the wisdom of which has never been questioned. This Corporation offers you a safe means to save your money and also to make that idle sum of yours earn something for you—for it pays 3 PER CENT. interest compounded on all savings accounts. Why not open an account with us today and begin to acquire the saving habit—once started you will find it a very easy task to lay aside something every week and before you know it, you will have quite a sum. This is good advice we give you and will prove a strong safeguard in all misfortunes. Call at our bank today and get intimately acquainted with its modern banking methods and the facilities it affords for the safe handling of your accounts. We solicit the accounts of banks, corporations, firms and individuals and give careful attention to all details.

HEADLESS ROE HERRING, cleaned and packed on shore when caught; also Prime Roe Herring for sale by J. C. MILBURN

Alexandria Gazette.

SATURDAY EVENING, MAR. 16, 1907.

A City of Caravans.

The first of November is the official beginning of winter in Paris. Then, no matter what the temperature be, fires are lit in the schools and public buildings, and the janitor turns on the heat for the sad race of flat dwellers. Then all the smaller shows which cannot pay for a "stand" in the streets or squares go into winter quarters. Where? I found a city of them out in the waste lands by the great gate of Montrouge. In an empty lot were scores of caravans drawn up behind the wooden palisades, ranged so as to form veritable streets, named after this showman or that. Dogs, chickens, rabbits, children, swarmed everywhere. Corkscrews of smoke rose from the chimneys of the wagons. Gaudy rags were drying on lines. Will you look in one of the vans? It has two rooms. In one are the beds. The other is for eating. On all sides the walls are lined with closets and drawers. A little stove glows near the door. Here they are born, here they live and die, the eternal dynasties of the voyagers.—Vance Thompson in Outing Magazine.

The Truly Beautiful.

There is, it has been said, no fixed standard of art criticism. What is lauded today is discarded tomorrow, and even connoisseurs disagree bewilderingly; but, glancing back over the ages, it will be found that the discord has been caused by technical divergence and that in every land and among all peoples the truly beautiful has been generally recognized and correctly esteemed. No one questions today the beauty of the Greek temple or the charm of the Babylonian pottery. It does not require trained eyes to recognize the merit of an oriental flower painting or to find delight in one of Whistler's nocturnes. The fundamentals in each instance are the same—rhythmical line, fair proportions and harmonious coloring. We have to be led ofttimes up the ascent of art, and there is much discussion concerning the byways, but once on the height all dissension ends, and we no longer need a guide.—Leila Mechlin in Century.

Dryden's Ruse.

The story is told that Dryden, finishing his translation of "Virgil," sent it to Jacob Tonson for publication for a sum specified upon the manuscript. Tonson was desirous of obtaining the book, but determined to take advantage of Dryden's need of money. He therefore informed the poet that he could not pay the sum Dryden asked. In reply Dryden sent the following lines in description of the publisher:

With leering look, bull faced and freckled fair,
With two left legs, with Judas colored hair
And frowzy pores that taint the ambient air.

When this was delivered to Tonson he asked if Dryden had said anything more. "Yes," replied the bearer, "he said to tell the dog that he who wrote these lines could write more like them." Tonson sent the money at once.

Crocodiles and the Cure.

One does not usually connect crocodiles with a health resort—rather the reverse—but the creatures are quite a feature of the Indian bathing place of Manghapir, about nine miles from Karachi. This town is a place of pilgrimage for pious Hindoos, but it is chiefly famous for the value of its waters in the cure of the dread scourge of leprosy. The waters are hot, and more than 60 per cent of the sufferers who bathe there annually, it is said, are cured. The crocodiles are rather noteworthy in that they live in the hot water, apparently suffering no inconvenience from its temperature or medicinal qualities.—Wide World Magazine.

Terror Blanches Hair.

It has been repeatedly affirmed that Queen Marie Antoinette's auburn hair turned white in the days of the reign of terror, says the Caledonian, and an English surgeon named Parry states that just after the Indian mutiny he actually saw the jet black hair of a rebel Sepoy, who was under examination and feared a dreadful death, turn white in the course of half an hour. In the time of the commune in Paris the dark hair of Baron Alphonse de Rothschild was blanched in a few hours.

Holding Him Off.

"The head of the firm," said the superintendent, "insists upon our employing his son in this department, and it's as much as we can do to keep him idle."

"Idle! You mean busy, don't you?"

"No, I don't. If we kept him busy it would keep three or four other men busy correcting his mistakes."—Philadelphia Press.

If you want a can of good Salmon, ask for Argo. Every can guaranteed. 15 cents a can.

A Humane Appeal.

A humane citizen of Richmond, Ind., Mr. U. L. Williams, 107 West Main St., says: "I appeal to all persons with weak lungs to take Dr. King's New Discovery, the only remedy that has helped me and fully comes up to the proprietor's recommendation." It saves more lives than all other throat and lung remedies put together. Used as a cough cure the world over. Cures asthma, bronchitis, croup, whooping cough, quinsy, hoarseness, and phthsic, stops hemorrhages of the lungs and builds them up. Guaranteed at E. S. Leadbeater & Son's drug store. 50c and $1. Trial bottle free.

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real Coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart or kidneys can't stand Coffee drinking, try Health Coffee. It is wholesome, nourishing, and satisfying. It's nice even for the youngest child. Sold by E. S. Leadbeater & Sons, druggists.

To remove a cough you must get at the cold which causes the cough. There is nothing so good for this as Kennedy's Laxative Cough Syrup. The liquid cold relief that is most quickly effective, that stills and quiets the cough and drives out the cold. Sold by W. F. Creighton & Co., 401 King street.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Guaranteed under the food and drugs act, June 30th, 1906. Serial number 1098.
